Veterinary Science and Floriculture Teams Win

Smoky Valley FFA has had a busy and productive year. Beginning with Summer Leadership Camp in Lake Tahoe in June, the 2021-2022 year is filled learning, leadership, service, and fun. Once the sun sets at summer camp, FFA chapters around the state get busy serving their communities.

The National FFA Organization was established in 1928 in Kansas City, MO, as the Future Farmers of America. Eighteen states were in attendance at the first national convention in that same year. Currently there are over 700,000 members and 8,817 chapters in all 50 states included Puerto Rico and the US Virgin Islands. This student-led organization prepares members for premier leadership, personal growth and career success

through agricultural education. FFA develops members' potential and helps them discover their talent through hands-on experiences, which give members the tools to achieve real-world success.

Members are future chemists, veterinarians, government officials, entrepreneurs, bankers, international business leaders, teachers and premier professionals in many career fields. Career skills are practiced through one component of FFA called CDEs, or Career Development Events. According to FFA.org, students are "challenged to develop critical thinking skills and effective decision-making skills, foster teamwork and promote communica-

tion while recognizing the value of ethical competition and individual achievement." Students practice industry skills and have the chance to compete at the local, state and national level.

In March is when Nevada FFA holds their State Convention each year. During State Convention FFA members get the opportunity to show off their career development skills in contests. Students choose their CDE depending on interest and what their chapters offer.

Smoky Valley FFA offers several CDEs. In the fall, Soils and Homesite Evaluation as well as Rangeland Evaluation. Then in the spring, Veterinary Science (also known as Vet Med), Floriculture, Agriculture Me-

chanics, and Horse Evaluation are the main CDEs offered. In the past Poultry Evaluation and Milk Quality and Products have also been offered. The CDE teams are coached by Smoky Valley FFA advisors Heidi Tran and Holly Merritt. Students and coaches dedicate many hours into preparing for contests. CDE contests consist of a written exam, tools/equipment/ breed identification, and a skills performance component.

2022 FFA Senior Veterinary Science State Champions—left to right: Faith Dolan, Jaylenne Trevizo, Kellee Berg, Kamryn Warczak.

2022 FFA Novice Floriculture State Champions—left to right: Hailey Oakley, Kailyn Hunton, Cheyenne Paasche, Connor Barton, Emily Richardson

Smoky Valley FFA Does Well at State

At State this year, Smoky Valley FFA teams competed in four CDE contests against other chapters in Nevada. In two of these contests Smoky Valley FFA came out on top. The senior Vet Med team placed first in the state which is something Coach Heidi Tran has been working towards for years. “The Vet Med contest is very competitive,” noted Ms. Tran. Twelve teams from across the state tackled the tough Vet Med contest. “This is a very strong team of girls I have right now,” commented Ms. Tran. “They are smart, hard-working and very competitive,” she continued. The Vet Med team consists of junior Kellee Berg, junior Jaylenne Trevizo, freshman Faith Dolan and freshman Kamryn Warczak. Individually Kellee, Jaylenne, and Faith placed 3rd, 4th, and 5th respectively out of 49 competitors. The alternates freshmen Ava Faga and Lily Enzi also placed well in the Novice Vet Med contest with Lily placing 3rd and Ava placing 7th out of 35 students. Ms. Tran also noted that this is the first in-person contest since 2019 and Smoky Valley completed like seasoned teams. “In order to succeed in this contest all four team members need to work together and be equally as competitive,” said Ms. Tran. “And these girls certainly are. I couldn’t be prouder of their dedication to excellence and commitment to this chapter,” she added.

The Novice Floriculture team also placed first in their division. Led by Coach Holly Merritt, the floral team had only two returning members and the rest were first-year competitors. Sophomore team captain Emily Richardson and senior Cheyenne Paasche helped sophomore Kailyn Hunton and 8th graders Connor Barton and Hailley Oakley learn the ropes of the contest. Having only ever competed virtually in 2020 and 2021, Emily and Cheyenne were new to the in-person contests as well. “Getting dropped off at Sparks Florist and designing a floral arrangement in a room full of competitors is very intimidating,” commented coach Holly Merritt. “All contests are timed and the pressure is hard to take,” she noted. But this young team was prepared and came out on top. Emily Richardson placed 2nd High Individual out of 49 competitors from across the state.

The Horse Evaluation team and Agriculture Mechanics teams also performed well at State. Neither team had a full four members, but gave their all towards individual ranking. Horse team members were Cheyenne Paasche and Abbie Johnson. Ag Mechanics team members were Gary Svoboda III, Jason Pomeroy, and Zane Moon. “The Horse and Ag Mech contests have a high difficulty level and I’m really proud of how these kids prepared and competed as first-year competitors,” said Ms. Tran.

Help Wanted

The Town of Round Mountain is accepting applications for Utility Operator. This is a full-time position with benefits. Benefits include medical, dental, and vision insurance; retirement, paid annual and sick leave. Primary duties included oversight of the Round Mountain's water and sewage treatment plants, water production facilities, water distribution systems, and sewage collection systems; performs a variety of skilled technical duties and semi-skilled labor in the operation, maintenance, repair, and construction of the systems; resides within a thirty minutes response time to Round Mountain/Hadley Subdivision, and performs related work as required. Special Requirements: Possess and maintain a current driver's license to operate vehicles to conduct work; Possession of, or ability to obtain/renew and maintain a Grade I Wastewater Treatment Plant Certificate and a Grade II Water Distribution Certifications issued by State of Nevada. Basic computer knowledge is required. Pay starts at \$20.23 per hour. Successful applicants must pass a pre-employment drug testing and other required background checks. Applications and a copy of the job description may be obtained at the Round Mountain Town Hall, 100 Hadley Circle; or writing to PO Box 1369, Round Mountain, NV 89045; or can be downloaded from <https://townofroundmountain.com/>. For more information, please call 775-377-2508. Open until filled. EOE.

The Town of Round Mountain is accepting applications for Administrative Aide. Pay starts at \$12.81 per hour. This is a full-time position with benefits. Benefits include medical, dental, and vision insurance; retirement, paid annual and sick leave. Under general supervision the Administrative Aide provides a variety of routine to difficult administrative and office support to Town departments which may include receptionist duties, word processing, data entry, record keeping, filing, billing, attending Town Board meetings and taking minutes; and performs related work as required. Special Requirements: Possess and maintain a current driver's license to cover operation of public work vehicles. Successful applicants must pass a pre-employment drug testing and other required background checks. Applications and a copy of the job description may be obtained at the Round Mountain Town Hall, 100 Hadley Circle; or writing to P.O. Box 1369, Round Mountain, NV 89045-1369; or can be downloaded from <https://townofroundmountain.com/>. For more information, please call Town Hall at 775- 377-2508. Open until filled. EOE.

In Loving Memory of Michael Fannin

Michael Stacy Fannin left this world on March 19. His family was with him during this time.

Mike was born on June 12, 1954, in Huntsville, Texas to Harlin and Lynnette (Graven) Fannin. They moved to Henderson, NV shortly after his birth. He grew up the youngest of three children and was known for working on his motorcycles in the living room while his parents were at work and night fishing at Lake Mead with his friends.

In 1972 Mike graduated from Vo Tech High School in Las Vegas. He enlisted in the Army in 1974 and became part of the 8th Signal Battalion, 8th Infantry Division as a Radio Operator. Most of his time in the service was spent in Germany and he was honorably discharged in late 1977. He moved to Round Mountain soon after. He married Tinker (Shirley) Lofthouse in 1981 and welcomed her son, Chad Bernard, and daughter, Carol Bernard as his own. They had a son, Sean Fannin in 1983. He raised his family while working as a plant and equipment mechanic at Round Mountain Gold Corporation for many years.

Mike was very creative and when he was interested in something he put his whole heart into it and seemed to master everything he tried. When we remember him, we think of his love of cars, trucks, ATVs, motorcycles and was usually found in his garage working on a project. He built a dirt track in the back yard that provided many hours of fun for his sons and neighboring kids

Mike was known at the Central Nevada Race-track in Tonopah as a formidable foe with many trophies to show for it. He was driver, mechanic, and pit boss in one.

Another of his passions was firearms and he preferred precision shooting and reloading to hunting. He served the community as a Hunter Education instructor for many years. There were many pellet rifle competitions down the hall of the house with his sons. He loved to read, devouring history and anything that interested him. He loved music, which is evident by the eclectic

taste of music his sons enjoy.

Mike became a professional knife maker forging and hammering his own blades. His knives were known locally for their quality, and he travelled to knife shows on the western coast selling his creations.

After divorcing, Mike moved to Denison, TX to connect with family roots. He worked in a small motorcycle repair shop while there. He moved back to Smoky Valley to be closer to his sons and the big family of in-laws to who he was very close.

In his later years, Mike had several strokes that slowed him down, but he remained active and independent. He could be seen in his bright green Kawasaki ATV on the back road going to the store and stopping in at Shoshone Market. The employees at both businesses were very helpful and he considered his time shopping his social time.

Those who preceded him in death were his mother, Lynnette and father, Harlan, brother Don Fannin, sister, Barbara Fannin, and Carol Bernard.

He is survived by his sons, Chad (Desarae) Bernard, Sean Fannin and grandchildren, Declan Bernard, Whitney Bernard, and Kenzie Bernard.

Mike will be interred in the Fernley Veterans Memorial Cemetery. No local services are planned at this time.

Northern Nye Co 4-H News

Events Happening in Smoky Valley

4-H project and Cloverbud meetings are held Tuesdays 3:45 – 4:45 in the conference room of the Round Mountain Public Library.

Projects currently are:

Science Exploration: ages 8-18. Our members have been exploring science from whales to geology to water tension.

Visual Arts: ages 8-18. We have been learning complementary colors, composition, art as shapes and colors.

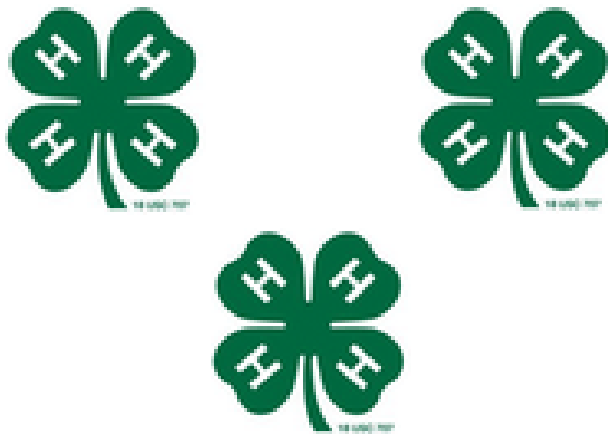

Cloverbuds: ages 5-7. Our younger members learn about farming, small pets, weather, nutrition and much more.

Veterinary Science: ages 12-18. This project is for members who are passionate about veterinary science. This project will start on an undetermined date in March and be held every other week. This project will cover:

- Disease
- Bacteria
- Viruses
- Parasites
- Nutrition
- Stress
- Genetics and Disease

Northern Nye County 4-H is currently in the process of purchasing Lego kits so that each member has their own Lego kit to use for a Lego based project. Due to COVID-19 our Lego Challenge group has been suspended as the Legos were shared.

For more information please contact Carol Shilling at 307-389-1704 or cshilling@unr.edu.

8th Grader Wins Tech Award

Hailey Oakley, an 8th grader at Round Mountain Middle School, has received an award from NCWIT Nevada (National Center for Women in Information and Technology).

NCWIT is a non-profit organization that works to increase the meaningful participation of girls and women in computing, IT and STEM career fields. Hailey was nominated for the Inspirations Award by her science teacher Matthew Hinshaw (pictured below with Hailey.)

According to its website, NCWIT Nevada is part of a non-profit community of more than 1,100 universities, companies, non-profits, and government organizations nationwide working to increase girls' and women's meaningful participation in computing. Mr. Hinshaw nominated Hailey for the award because she shows excellence in computer programming. For the award application, Hailey wrote about robotic drones that could be used to clean up coastline. She was inspired by a trip to the beach.

In addition to Hailey's award, Mr. Hinshaw was also awarded the Nevada Educator Aspirations Award. Both Hailey and Mr. Hinshaw are invited to attend an awards banquet in either Reno or Las Vegas in May.
