RMGC Environmental Department Relocates 500 Sand Cholla

Thick gloves are needed when carefully digging up the tiny—but prickly—sand cholla cactus. Hundreds of sand cholla were located on the site of a waste dump expansion and plans were made for these sensitive plants to be moved to a cactus garden down south. Read more on pages 2 and 3.

Published bi-weekly by Round Mountain Gold Corporation for its employees and the community of Round Mountain.
Neil Jensen, General Manager, Executive Editor Chelly Koeppen, Editor Holly Merritt, Writer and Layout Design

The Sand Cholla Relocation Project

The high desert of Smoky Valley is home to diverse and plentiful plant species. When people think of a desert, they sometimes think of a dry place lacking life. But that is far from reality. Desert ecosystems grow species of plants that are adapted to arid climates and varying temperatures.

One such species is the *Opuntia pulchella*, or sand cholla. The sand cholla cactus is part of the *Opuntia* family, which includes the prickly pear. Wicked spines cover this jointed cactus. There are more than twenty species of the plants in this family, and they come in many shapes and sizes, including shrub, creeper, or tree. Flowers are green or orange, depending on the species and bloom April through June.

Sand cholla are found in parts of Nevada, Arizona, California, and Utah. The BLM has categorized the sand cholla as sensitive, as there are only 22 locations around Nevada where these small cactus plants are found. Therefore, when a 2020 environmental study on the RMGC Mine South Waste Rock Dump Expansion identified the sand cholla, the RMGC Environmental Department began plans for relocation.

The consultants who performed the Work Plan on the area provided RMGC Environmental Department with information on which species, including special status of plant species (ie—threatened, endangered, sensitive, or state protected) have the potential to occur at the project. The Work Plan also provides details on what species and communities are likely to be encountered at the project. In the Work Plan, the specialist identified 824 occurrences of the sand cholla cactus. Since the sand cholla is listed as sensitive, plans were arranged to relocate the plants. Permits were obtained from the BLM to collect 500 sand cholla to be delivered to their new home at the Ethyl M Cactus Garden in Henderson, NV.

Each sand cholla was hand shoveled out of the ground by the Florence Boyer and Stephanie Naegle of the RMGC Environmental Department, Josh Vittori with Nexus Environmental, and Kris Kuyper of EM Strategies. The plants were placed in a box along with a permit from the BLM to be shipped to their new home in southern Nevada.

The sand cholla is found in parts of Nevada, Utah, Arizona and California.

A biologist digs up the cholla cactus by hand.

Sand cholla were flagged on the project property.

RMGC's Environmental Department worked with several biologists and State agencies on the project.

The sand cholla transplant project has been in the works since they were found in 2020 in the Phase S waste dump expansion area. It has required a lot of effort and teamwork at Round Mountain, from the consultant biologists from Nexus and Westland, and from the State agencies (Nevada Division of Forestry, Nevada Division of Natural Heritage) as well as the Bureau of Land Management. It's important that Round Mountain is protecting this sensitive cactus, no matter how small it is. I will be happy to visit the Round Mountain sand cholla at their new home at the Ethel M Botanical Garden in Vegas!
~Florence Boyer, RMGC Environmental Superintendent

Moving 500 Sand Cholla to Henderson, Nevada

Workers handled the cholla with gloves to protect their hands from the painful spines of the cactus.

The sand cholla arrived at their new home at the Ethyl M Cactus Garden in Henderson, NV.

Boxed up with BLM permits and ready to ship.

The sand cholla has a shallow root system so hand shovels were used to dig up the plants.

RMHS Field Named for Beloved Coach

On April 6, 2023, the Round Mountain High School's baseball field was dedicated to a veteran teacher, coach, and mentor. The Jake "Top" Topholm Baseball Field was so named to honor the man who was the RMHS baseball coach for 22 years.

Jake Topholm moved to Round Mountain to teach middle school and high school PE in 2000. That was also the first year he coached the Knights Baseball team. Mr. Topholm was also the varsity football coach in 2000 and 2001. Since then, he has held many coaching positions at the schools, as well as the athletic director position.

When he learned that Mr. Topholm was leaving Round Mountain, Mr. Topholm's assistant coach Rickey Stewart knew what he wanted to do. He contacted our School Board representative Roger Morones to bring it up to the Board for approval. Rickey wanted to do something to repay Mr. Topholm for taking an interest in his son Drew when they first moved to Round Mountain. "Top helped Drew to adjust to being a new kid in a small town his sophomore year," said Rickey. "He talked him into playing baseball and looked out for him," he continued. Rickey went on to say that Mr. Topholm encouraged him to coach football and eventually baseball. "I know he meant a lot to so many boys and girls in our small town," said Rickey.

The 2023 Knights baseball team joined a small crowd on April 6 in an official field naming ceremony. Mr. Topholm feels very honored by this accolade. "I could not believe it," said Jake. "I was really in disbelief. I could not believe that people thought that I deserved such an honor," he continued. Mr. Topholm

loves coaching youth and sharing the games that he loved growing up. He believes so much can be taught about life through sports. "I loved the life lessons that could be taught to the kids while coaching," he said. "I really think that I taught more kids on the court or field about life that I ever did in the classroom," Mr. Topholm mentioned.

In addition to coaching Knights baseball, Mr. Topholm was the RMHS varsity boys basketball coach for 17 years, the Lady Knights varsity basketball coach for 4 years, and coached both varsity and middle school football for several years. RM Schools Principal Sonja Miller was very supportive of naming the baseball field after Mr. Topholm. She stated, "Mr. Topholm has been part of our school family. His contributions went far beyond PE instruction. He has touched the lives of so many and we are so thankful for the time he spend in Round Mountain. It is exciting to know that our baseball field will from now on be referred to as the Jake Topholm Field."

4-H Grows Here!

In 4-H we believe in the power of young people!

We see that every child has valuable strengths and real influence to improve the world around us. We provide a positive environment with mentors who teach and guide the kids in areas such as health, science, agriculture, public speaking, entrepreneurship and Cloverbuds. 4-H is available to kids ages 5-18. We meet weekly, and would love to have your child(ren) join the fun. If you are interested, reach out to Sara Sweeney at 775-232-8084.

In Loving Memory

REMEMBERING

Linda Nichols 1960-2023

Linda Jean Nichols, 62, passed away peacefully in her home on April 13, 2023.

Linda was born on May 14, 1960, in Rochester, NY, to parents Arthur and Lorraine (Shamp) Simpson. Linda was raised in Rochester but would spend many summers going back and forth to Lakeville, NY, where she made many memories with her best friend, Rene Nichols (Pauline). Although their families knew each other for years, it wasn't until one summer in high school that Doug Nichols stole his baby sister's best friend. Rene, of course, gave her blessing for her best friend to date her older brother. Linda graduated from Livonia Central High School in 1978. Doug and Linda would go on to marry on August 2, 1980.

Linda and Doug lived in the areas of Lima, Lakeville, and Conesus, NY. It was in Conesus where Linda and Doug would start to raise their three children; Arthur Russell, Matthew Clay, and Philip Walter.

In October of 1996, Linda and Douglas made the choice to move out West to provide more opportunities for their children. Doug and Linda raised their three boys in Round Mountain, NV. For many years, Linda worked for Round Mountain Gold as a Custodial Supervisor. After her boys moved away and started having children of their own, Linda knew she needed to be a part of her grandchildren's lives. In 2009, Linda and Doug moved to Carlin, NV, to be closer to their grandchildren.

Linda loved being a stay-at-home grandmother. Of all the jobs Linda had, being a grandmother was her favorite. Linda's grandchildren were everything to her, and she never passed up an opportunity to care for them. When Linda wasn't spending time with her grandchildren, she was busy making the

house in Carlin a home for Doug. Linda loved watching her favorite TLC television shows, planting flowers in her garden, and hosting family gatherings. Linda loved the simple things in life and never missed a chance to hang out with her family and friends.

Linda is preceded in death by her dad, Arthur Simpson; mother, Lorraine Simpson; sister, Robin Simpson; and brother, Robert Simpson.

Linda is survived by her husband Doug; sons, Arthur (Kassie) Nichols, Matthew (Taylor) Nichols, and Philip (Kristen) Nichols; three grandchildren, Karli, Blane, and Finley; sister, Bonnie (Brad) Braun; and many nieces, nephews and dear friends.

Services for Linda Jean Nichols were held on April 22nd, 2023, at 1:00 PM at St. Mark Lutheran Church, 277 Willow Street, Elko, NV. Following the services, a gathering took place at the Elko County Fairgrounds, Home and Arts Building, 13 Fairgrounds Road, Elko, NV.

In Linda's memory, please plant your favorite flower and hug your loved ones.

A Celebration of Life will be held in New York at a later date.
