Every year from May 6th to 12th, nurses are recognized for their service and dedication to caring for others and improving the health of patients nationwide through National Nurses Week. Throughout the week, healthcare organizations celebrate their teams, and you'll even see nurses featured on the news. People across the nation thank the nurses that have made a difference in their lives.

Nurses Week celebrates the effort, dedication, and sacrifice nurses make every day. Nurses are essential members of America's healthcare workforce who provide care through every stage of life, working with patients at their most intimate and vulnerable moments. Nurses Week offers a chance to highlight and celebrate nurses for all we do.
